Company Profile

Well it all began with the vision of accomplishing and living to the proverb of great thoughts converge from great minds...motivated few professionals to come together and initiate a process of change in the infrastructure industry by transforming an undervalued asset into a prized landmark. This story of Kunj Infrastructure, a company with a vision of bringing in innovation in each of their projects, every time. The Kunj group is a leading real estate developer in Ahmedbad, Gujarat. The group has over several million sq. ft. of existing development and almost other several million sq.ft. of planned projects across Ahmedabad and Rajasthan. KUNJ group is committed to quality, trust and customer sensitivity, and deliver on promises with agility, financial prudence and in tune with the highest global standard. The company has also entered into several strategic alliances with global industry leaders. The core business traditionally has been into three prime divisions: Homes, Offices and Shopping malls. To these Kunj group has added three more divisions: Hotels, Infrastructure and SEZs.
